

Therapeutic Foster Care Program

To be eligible to become a Woodfords foster parent, applicants must:

- Enjoy working with children
- Be 21+ years of age
- Be in good physical and mental health
- Possess effective parenting skills
- Possess a willingness to work with birth parents, service providers, and service agencies
- Successfully complete introductory trainings
- Possess at least one year of experience as a foster parent or at least six months of work experience with children who have moderate to severe disabilities

YOU CAN MAKE A DIFFERENCE IN THE LIFE OF A CHILD, BECOME A FOSTER PARENT

Woodfords provides treatment-level foster care placements to children ages 3 to 21 with developmental, emotional and/or medical disabilities who cannot reside with their biological family and are in the custody of the Department of Health and Human Services (DHHS).

Woodfords' Therapeutic Foster Parents are independently contracted providers and receive a wide range of supports. In addition to a daily stipend, Woodfords foster parents receive case management, in home support services, behavioral consultation, training, on-call help 24/7 and emotional support.

Foster families have opportunities to connect with one another during quarterly meetings, support groups, trainings, and other Woodfords-sponsored activities.
