

After School EnRICHment Program

Individualized programming for children grades K-5 diagnosed with Autism Spectrum Disorder and other developmental disabilities

SCHEDULE & ACTIVITIES

The After School EnRICHment Program is open Monday-Friday until 6:00 p.m. Children in RSU 21 can take the bus from school to Woodfords. Families can work with Woodfords to determine a schedule that best fits their needs.

Individualized Programming Including:

Activities of Daily Living

Social skills

Behavior management

Community outings

Functional Communication

Leisure skills

Homework help

Field trips

Parent training

ABOUT THE PROGRAM

The After School EnRICHment Program provides individualized programming designed to meet the unique needs of each child. Children are assigned a 1:1 Behavioral Health Professional (BHP) and a Board Certified Behavior Analyst (BCBA) and/or a Field Supervisor. The BHP works with the child in individual and group settings to work on behavior management, communication, independent living, self care, self help, and socialization skills. Parents can observe and are requested to participate in programming 2 hours a month so that they may carry over these skills in to the home environment.

Woodfords Family Services is a leader in the provision of clinical, educational, family support and training programs in Maine communities. The agency has supported people with special needs and their families since 1967. Learn more at woodfords.org

ELIGIBILITY & REFERRALS

Children grades K-5 who have a qualifying diagnosis and MaineCare, MaineCare Katie Beckett or commercial insurance coverage. Final confirmation of eligibility is made by KEPRO. Private pay options also available. The Woodfords team will be happy to help determine eligibility.
